

WORKSHOPS / HANDS-ON

Room 1: GE Healthcare workshops

“Advanced Chamber and Valvular analysis with EchoPAC Workstation”

*Onsite Hands-on: up to 40 attendees
*Online attendees through zoom platform

1. Chambers assessment part I (Friday 09:00-10:30)

Advanced Evaluation of Left Ventricle with 4D, strain and Myocardial Work

K. Papadopoulos

L. Badano

B. Popescu

A. Badescu

2. Chambers assessment part II (Friday 18:00-19:00)

Advanced Evaluation of Right Ventricle with 4D and strain imaging

L. Badano

M. Tomaselli

3. 4D Valves Assessment (Saturday 09:00-10:30)

MV Assessment

TV Assessment

K. Papadopoulos

C. Fiore

L. Badano

M. Tomaselli

4. Stress Echocardiography (Saturday 17:00-18:00)

Stress Echocardiography in ischemia detection

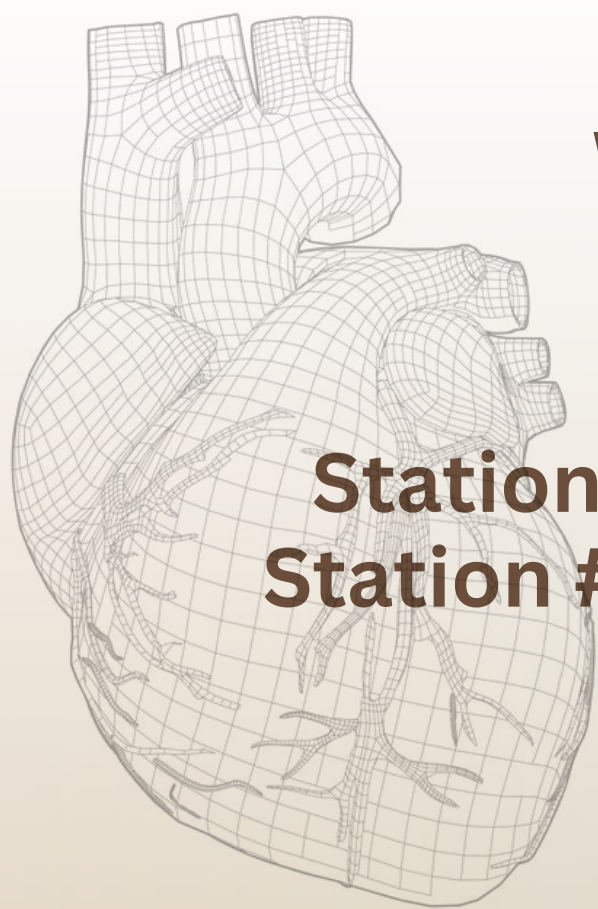

Stress Echocardiography in Valvulopathies

S. Karagiannis

C. Papadopoulos

WORKSHOPS / HANDS-ON

Room 2: GE Healthcare workshops

Station #1: TOE scanning with Vivid Pioneer and 6VT-D probe

Station #2: Exercise echocardiography with eBike and Vivid E95

*Onsite Hands-on: up to 20 attendees

Friday

09:00-10:30

S. Karagiannis

C. Papadopoulos

18:00-19:00

K. Papadopoulos

S. Karagiannis

A. Badescu

Saturday

09:00-10:30

C. Papadopoulos

I. Ikonomidis

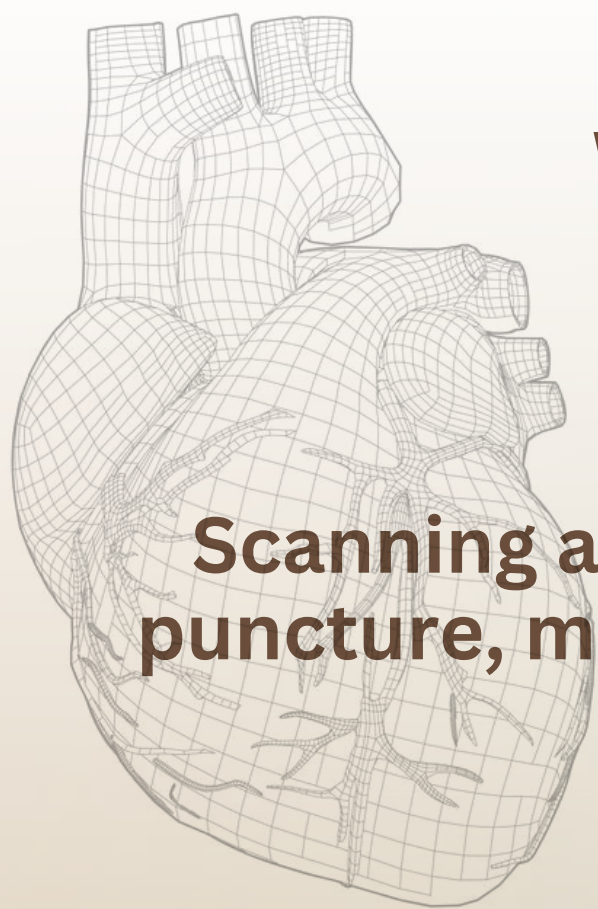

17:00-18:00

B. Popescu

I. Ikonomidis

WORKSHOPS / HANDS-ON

Room 3: Abbott MitraClip workshops

Scanning and hands-on training on MitraClip simulator for trans-septal puncture, manipulation of the guide-catheter and grasping of mitral valve

*Onsite Hands-on: up to 15 attendees

**The simulator will also be available during coffee and lunch breaks

09:00-10:30

18:00-19:00

Friday

B. Michalski

K.Kipourou

09:00-10:30

17:00-18:00

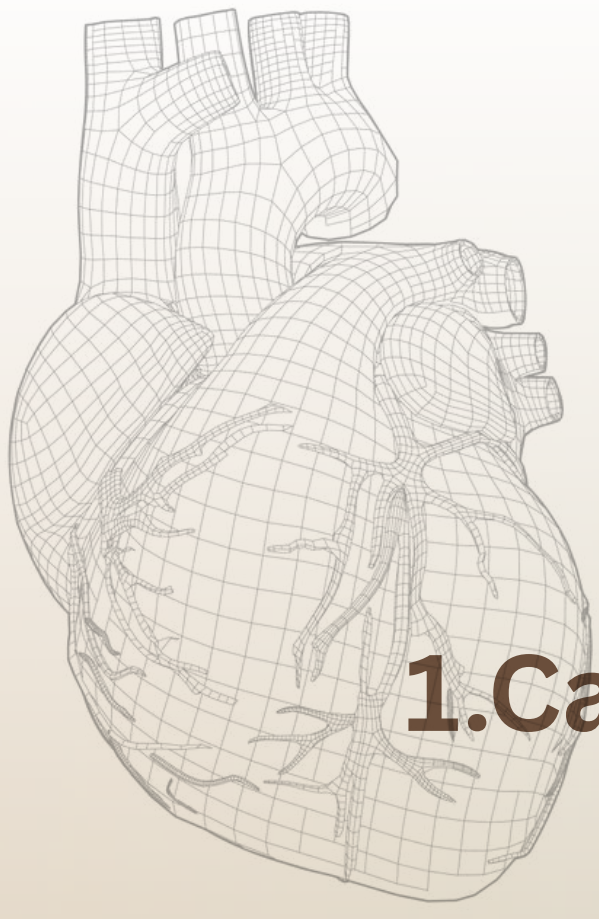

Saturday

M. Chrissoheris

I. Ninios

WORKSHOPS / HANDS-ON

Room 4 (Main Arena): Clinical Case Corner

1. Cardiac Amyloidosis (Friday 09:00-10:30)

Panelists:

K. Hristova

P. Giannakopoulou

Diagnostic algorithm
for cardiac amyloidosis
assessment

I. Ikonomidis

Cardiac amyloidosis
case #1

V. Sachpekidis

Cardiac amyloidosis
and valvulopathies

T. Gossios

Cardiac amyloidosis
case #3

E. Pagourelis

Cardiac amyloidosis
case #2

A. Badescu

WORKSHOPS / HANDS-ON

Room 4 (Main Arena): Clinical Case Corner

2. Mastering TEER procedures (Friday 18:00-19:00)

Panelists:

I. Ikonomidis

B. Michalski

When should I use
MitraClip and when
PASCAL device?

K. Spargias

TEER in
secondary
Ventricular MR

M. Chrissoheris

Combined mitral and
tricuspid TEER

I. Ninios

TEER in complex
degenerative MV
disease

A. Papachristidis

WORKSHOPS / HANDS-ON

Room 4 (Main Arena): Clinical Case Corner

3. Mastering Aortic Valve (Saturday 09:00-10:30)

Panelists:

E. Agricola

D. Kaipis

S. Evaggellou

J. Separovic

2D/3D
assessment of
aortic stenosis

A. Marvaki

When to use
Calcium Score
and when low
dose dobutamine
stress echo in
aortic stenosis?

T. Zaglavara

How to use CT
for TAVI
assessment

K. Mitrousi

Cardiac MRI in
aortic
regurgitation

S. Loizos

A challenging
TAVI case #1

A.-D. Mavrogianni

A challenging
TAVI case #2

A. Siskos

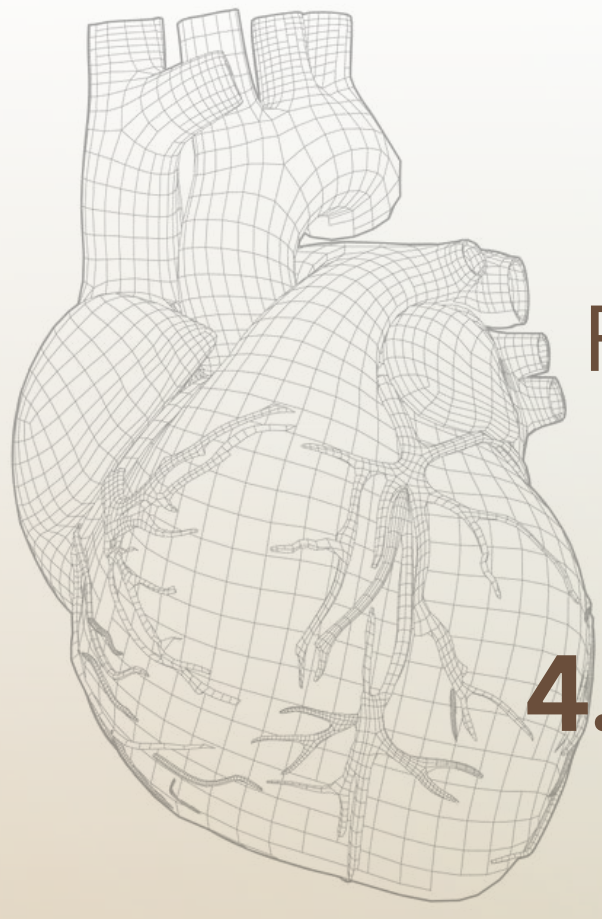

A challenging
TAVI case #3

D. Vasile

S. Mihaila

WORKSHOPS / HANDS-ON

Room 4 (Main Arena): Clinical Case Corner

4. Clinical examples of how to evaluate and treat HOCM patients

(Saturday 17:00-18:00)

Speakers:

K. Papadopoulos

D. Antonakaki

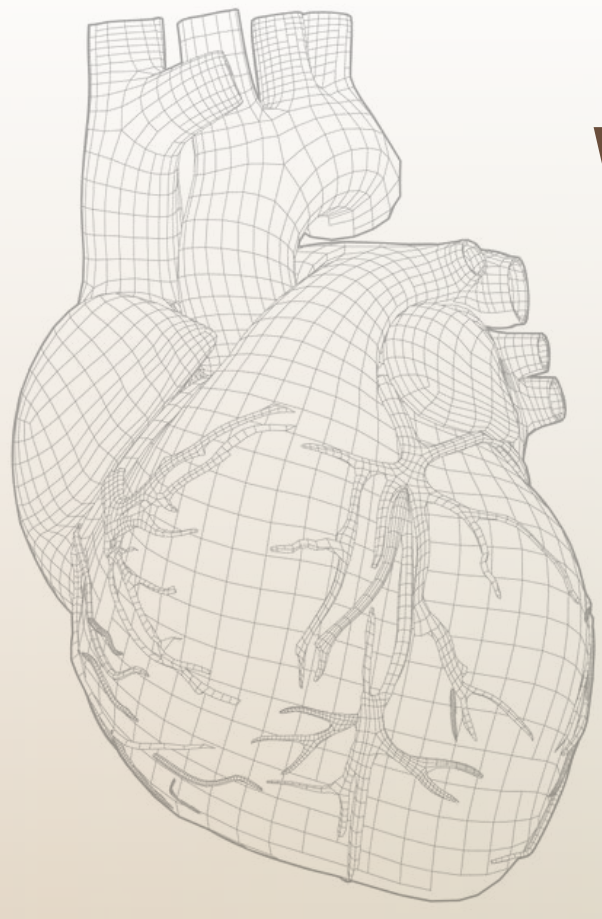

Panelists:

P. Giannakopoulou

I. Palios

WORKSHOPS / HANDS-ON

Room 5: Philips-TomTec workshops

*Onsite Hands-on: up to 15 attendees

Speakers:

Hani Mahmoud-
Elsayed

V. Sachpekidis

1. 4D Assessment of Mitral Valve (Friday 09.00-10.30)

2. Chambers assessment part I (Friday 18:00-19:00)

Advanced Evaluation of Left Ventricle

3. Chambers assessment part II (Saturday 09:00-10:30)

Advanced Evaluation of Right Ventricle
with 4D and strain imaging

4. 4D assessment of tricuspid and aortic valve (Saturday 17:00-18:00)
